In The Spotlight this week!

Update: MPI and State Work Improvements

Reports from both MPI and Film LA are that the sustained growth in production I've been reporting for months is continuing and increasing. While 2025 pension contribution hours were down compared to 2024, they finished at 13% under the previous year after spending the first half of the year at -21%. In addition, Film LA reported last week that shoot days were up 5.6% in Q4. These numbers may seem small, but this is sustained growth. The contraction in the industry seems to be slowing. The work your Union is doing at City Hall and in Sacramento have shown that showing up matters.

I hope to see you Saturday at the GMM. We will have as a guest First Entertainment Credit Union CEO Steve Owen.

In solidarity,
